CAROLINA LEE V. DE VICENTE

Palangoy, Binangonan, Rizal | dvcarolinalee@gmail.com | 0947-794-2515

EXPERIENCE

Municipality of Binangonan Calumpang, Binangonan, Rizal
IT Intern (On-the-Job Training) (November 2025 – March 2026)

- Provided Level 1 technical support for hardware, software, printers, and basic network connectivity issues to ensure smooth daily office operations.
- Set up and configured new workstations, including computers, printers, peripherals, Windows OS, drivers, and Microsoft Office.
- Diagnosed and resolved hardware, printing, and connectivity issues for office workstations and staff users.
- Assisted end-users with IT-related concerns, improving productivity and response time for issue resolution.
- Performed data encoding and data entry tasks while maintaining accurate and organized records.

PROJECT

Health Management Information System for Binangonan Municipal Community Health Center

- Developed a web-based healthcare system, improving record management efficiency by streamlining workflows, by using HTML, CSS, JavaScript, and PHP in a collaborative capstone project.
- Implemented core features such as patient records, appointment scheduling, queue management, and report generation, reducing manual processing time by ~30% through the design of user-friendly and efficient system modules.
- Designed and optimized MySQL database for efficient data storage and retrieval.
- Applied Agile methodology through iterative development, testing, and validation.

EDUCATIONAL BACKGROUND

Binangonan Catholic College Libis, Binangonan, Rizal
Bachelor of Science in Information Technology, Cum Laude 2022-2026

LEADERSHIP & ACTIVITIES

- Led capstone and research team, coordinating tasks and timelines.
- Organized Tekken tournament, coordinating logistics, player management, and event setup. (March 2023)
- Served as College Week photographer, capturing key moments and event highlights. (April 2024)
- Provided technical support and assisted in organizing eSports tournaments for Mobile Legends: Bang Bang and Call of Duty: Mobile, including device setup, network connectivity and lobby creation. (September 2024, February 2026)
